Not a long read

But a rewarding read

Lurie Rosca seems to have been close to the action and knows his onions

About halfway down he says:

"And propagandists like Pepe Escobar, Douglas Macgregor, Scott Ritter, and Alexander Dugin are all seeking to mislead the millions of people who have become understandably disgusted with American imperialism, with NATO, and with Russia, the EU and other globalist organizations—misleading them by inculcating the myth of a rebel Kremlin and the legend of an anti-System BRICS."

==========

Lurie Rosca is a Romanian translator and pundit who was aligned with Putin's philosopher Alexander Dugin in a think tank (Chisinau Forum) until he criticized Dugin and Putin for advancing globalism and sabotaging Russian interests..

At some point, Dugin began to avoid any public association with me and even broke off any private communication. Here is how this dissociation happened, step by step.

When the former President of Moldova, Igor Dodon, promoted by Putin, proved to be a corrupt person and a traitor to our national interests, Dugin discreetly withdrew from participation in subsequent editions of the *Chisinau Forum*, continuing to praise this degraded politician from Moldova.

When the false Covid-19 pandemic was launched in 2020, Dugin kept a dishonorable silence, avoiding any criticism of the Putin regime for the fact that it showed total obedience to WHO and imposed every liberticidal and genocidal measure against its own people. In that sinister period, I, like all my friends in the alternative media around the world, harshly decried this biological and psychological warfare operation. I also criticized the Moscow administration, which has proved to be equally obedient to globalist policies of depopulation and control as any other government. During that sinister period I was shocked to see Dugin with a mask on his face.

In 2022, when the Russian special military intervention began in Ukraine, we hoped that the Putin administration had finally decided to permanently get out from under the control of the globalists. But I soon discovered that the Kremlin was unable to wage a victorious war. Instead, the regime in Moscow eliminated—by assassination or by imprisonment—patriots who criticized the losing policy of those responsible for the deployment of the SMO. I was critical of this policy, yet Dugin was determined to praise and applaud all the aberrant and defeat-inducing decisions of the Kremlin.

On April 29, 2023, an international conference on multipolarity was held by the Russian Ministry of Foreign Affairs and the team of Alexander Dugin. To my surprise, I was invited to speak there too. I entitled my speech *"The Great Reset Is The End Of Classic Geopolitics"*. I said that both the Covid-19 special operation and the BRICS countries' affiliation with the WHO and UN dictates were destroying the myth of multipolarity.

See: https://www.facebook.com/story.php/

Here is the last sentence in that speech: "And the general plan imposed everywhere, which is being implemented with tremendous speed, has a well-known name: UN AGENDA 21 or AGENDA 2030 for SUSTAINABLE DEVELOPMENT. And since there is ONE COMMON AGENDA for all the countries of the world, multipolarity remains for the moment only a desirable perspective."

By the way, I have published a series of articles on the false dichotomy of West vs. BRICS, which can be found on my main website https://arcaluinoe.info/en and in my recent book *Humanity 2.0: Depopulated and Augmented*, available to read at https://arcaluinoe.info/en/carti/humanity_2_depopulated_and_augmented.pdf.

Recently, when Russia betrayed Syria and allowed Israel and Turkey (in complicity with the US) to destroy that country, and when the entire Russian military operation there turned out to be bankrupt, Dugin exclaimed: "We will yet return to Syria!". In the version of reality accepted by the Moscow professor, anyone except Putin can be guilty of such failures.

The last two editions of international think tank *Chisinau Forum* took place in 2023 and 2024: https://arcaluinoe.info/en/etichete/chisinau-forum-2023; https://arcaluinoe.info/en/chisinau-forum/2024.

But meanwhile, all intellectuals affiliated in one way or another to the ideological line of the Kremlin, who prefer to view geopolitical reality with one eye, listen to the world with one ear and think with half a brain, have disappeared one after the other from the list of our participants. I have called this phenomenon of affiliation to the official utterances of the Kremlin "neo-Cominternism".

The same was seen during the Soviet regime: many Western intellectuals who rejected the plutocratic model of the US and Europe sank into the arms of the "beacon of mankind" that was communism. There is nothing new in this regard. At such junctures, there are enough naive but profiteering enthusiasts ready to criticize their own governments and praise the Soviet/Russian government.

I deplored and condemned the murder of Dugin's daughter, Daria, on 20 August 2022, with whom I had a warm and sincere friendship and cooperation. It is for this reason that I thought it better to abstain from any public disagreements with Professor Dugin. There came a time, though, when I grasped that the propagandistic apparatus of which he is part is simply too harmful to the correct understanding of the state of the world today.

The continual intoxication of the alternate media with lies about the brave hero Putin and his struggle with globalism surpasses all the bounds of common sense. **And propagandists like Pepe Escobar, Douglas Macgregor, Scott Ritter, and Alexander Dugin are all seeking to mislead the millions of people who have become understandably disgusted with American imperialism, with NATO, and with Russia, the EU and other globalist organizations—misleading them by inculcating the myth of a rebel Kremlin and the legend of an anti-System BRICS.**

It's incredible to watch as some alternative media giants like Alex Jones, Tucker Carlson and Joe Rogan tell us how Trump and Putin are fighting globalists and evil democrats to make all of humanity happy and great again. Unfortunately, Mr Dugin is also joining the same cohort. The state of bliss he is experiencing at Trump's inauguration would be appropriate for a naive and uneducated young man, ignorant of the workings of the American political system and confident in the wolf's promises to turm vegetarian.

Nor should we lose sight of the fact that Duginist authors who are currently engaged in expressions of Trump adoration avoid mentioning the excessive commitment of the new American president and his cabinet to Israel and its genocide and terrorist policy. This is by no means a secondary issue. What will these brilliant propagandists say if Trump continues his full support of the criminal Netanyahu, including engaging in direct US military aggression against Iran?

The Saviour Syndrome once more in vogue

All the to-do about leaving the WHO and the Paris climate accords, and about combating illegal migration and drug cartels, are part of the reality show so dear to Trump. **The old world is subject to a controlled demolition by the same occult circles that are behind political actors. And what will ensue is obvious: Agenda 2030, CBDCs, the electronic gulag, smart dust, 15-minute cities and the whole of the Satanists' program of enslaving humanity. If you don't believe me, ask superstar Elon Musk. He will provide you with electric cars, chips in your head, and safe internet from satellites that will control your mind and behavior.**

At present, there is a rapid destruction of the old global architecture, established after the Second World War, in the place of which is coming technocratic tyranny, transhumanism and the end of man. It is good to remember the old maxim which teaches us that the road to hell is paved with good intentions. And “the prince of this world” will come as a peacemaker, as a savior.

I have written these lines not to diminish the academic value of Professor Dugin, but only to express my regret that for reasons unknown to me, he enlisted in the cohort of the promoters of Putin’s personality cult at the expense of truth and even of Russian national interests.

He inflates the illusion that salvation can somehow come from people like Trump and Putin. It has now become clear that both BRICS and Trump’s intention to annex Canada, Mexico and Greenland are nothing more than elements of the old strategy outlined by the Club of Rome about those ten world macro-regions under the NWO: https://www.researchgate.net/publication/387827375_The_Club_of_Rome_and_the_10_Kingdoms_Unraveling_Inter reta

A noteworthy obsession present in all the official documents of BRICS and its member states is the supposed need to strengthen “global governance” through the UN.
